GLOBAL SERIALIZATION CAPABILITIES

We are ready to go!

On the 9th of February 2019 the requirement for serialization will start in the EU. For USA, Russia and other countries there will be similar requirements. Rottendorf is ready to fulfill these requirements to the highest standard:

- ◇ System is already productive
- ◇ Hardware: OCS modular system for level 1 - 2
- ◇ Provider: arvato-CSDB for level 3 - 5
- ◇ Aggregation: bundle, case & pallet
- ◇ Tamper-evident closure: glue & label
- ◇ Serial numbers: own creation or import from customer & transfer by provider arvato
